PROJECTS

Personal Website — Sept/2019

This is my personal website which I created myself using HTML and CSS. You can view all my other projects on my website.

<https://tatiane-chiarello.netlify.com/>

Mundo Gelado (Frozen World) — Oct/2019

I used CSS and some HTML modifications. I learnt about responsive design by using media queries, flexbox and BEM (Block Element Modifier).

<https://responsive-project-frozen-world.netlify.com/>

Cars 127 — Nov/2019

To build this website I used Bootstrap elements and some CSS styles.

<https://bootstrap-project-cars127.netlify.com/>

Christmas Gifts — Nov/2019

Experimental project using JavaScript and HTML select elements.
