PROJECTS

Walnut Landing Page — *Jan/2021*

Redesign of the new Walnut landing page using HTML and CSS with BEM.

https://walnut.tatianechiarello.dev/

Heroesgram — Nov/*2020*

Final project of the IGTI Bootcamp. I built it using React.

https://github.com/tchiarello/Heroesgram

Christmas Gifts — Nov/*2019*

Experimental project using JavaScript and HTML select elements.

https://javascript-christmas-gifts.tatianechiarello.dev/

Personal Website — *Sept/2019*

I created it using HTML and CSS. You can view all my other projects on my website.

https://www.tatianechiarello.dev/
